UGC & MHRD (Govt. of India) Approved Programme

From the Desk of **DIRECTOR**

India's population as large as 1.2 billion and it is expanding at a fast rate and integrating rapidly into global economy. India is among the YOUNG countries in the world with the proportion of the work force in the age group of 15-59 years, increasing steadily. However, presently only 2% of the total workforce in India have undergone skills training. India has a great opportunity to meet the future demands of the world. India can become the worldwide sourcing hub for skilled workforce. The challenges for India get magnified, as it need to reach out to the million plus workforce ready population. While facing an ever increasing migration of labour from agriculture to manufacturing and services.

The central and state government have made considerable effort to enhance the skill of the youth. These continues to be a huge gap between the demand and supply of the skilled workforce. These are magnified by the fact that with a population of a billion plus people and majority in the average of 20 years nearly 250 million people are underemployed or unemployed. On the other side, industry is in acute shortage of skilled labor. This clearly highlights that most of our population is under skilled and therefore unemployable.

The Wisdom Skill College has been established with a primary objective to enhance skills of the youth of India to meet the growing demands of modern industrialization in india. Central Vocational & Skill Training Institute is starting today to be a part of changing face of tomorrow, to build a locally employable, nationally demanded and globally prepared workforce.

No program of action succeeds unless it has a vision, will, with all infrastructural facilities and other quality inputs to transcribe its objectives into reality. Central Vocational & Skill Training Institute has the vision the will the infrastructural facilities and other quality inputs to transcribe its dream into reality. Central Vocational & Skill Training Institute with all its conviction sharpen the analytical skill and module our students into rational thinkers and turned them into skilled workforce.

About Wisdom Skill College

KEY FEATURES

1

Try to change prevailing social perception about the low esteem of vocational education and bring it at par with other education streams.

5

Make education more relevant to employment and employability

2

Bring Industry closer to talent by bridging the gap of quality and quantity of manpower.

6

Build a pipeline of talent for the future as well as creating the means for this.

3

Improve employability of existing workforce through skills upgradation.

7

Nature talent for local, national and international requirements.

4

Create a platform for self-employment and entrepreneurship capability.

8

From a strong partnership with industry to facilitate student employability and self-employability resulting in restoring respect for skilled professionals

INTRODUCTION TO VOCATIONAL PROGRAMS

The University Grants Commission (UGC) has launched a scheme on skills development based higher education as part of college/ University education, leading to Bachelor of vocation & Master of Vocation studies (B.VOC & M.VOC) Degree with multiple exits such as Certificates / Diploma / Advanced Studies (B.VOC & M.VOC) degree with multiple exits such as Certificates Diploma / Advanced Diploma under the NSQF. The B.VOC & M.VOC programs are focused on universities and colleges providing graduate studies which would also incorporate specific job roles and their National Occupational Standard along with broad based general education. This would enable the students Completing B.VOC & M.VOC to make a meaningful participation in accelerating India's economy by gaining appropriate employment becoming entrepreneurs and creating appropriate knowledge.

- (a) To provide judicious mix of skills relating to the profession and appropriate content of general education.
- (b) To ensure that the students have adequate knowledge and skills so that they are work-ready at each exit point of the program.
- (c) To provide flexibility to the students by means of predefined entry and multiple exit points.
- (d) To integrate NSQF with the undergraduate and post graduation level of higher education in order to enhance employability of the graduates apart from meeting the needs of local and national industrial.

Programs are being implemented for the first time in India with a focus on job specific skills rather than providing only a broad based education.

It has been a long felt necessity to align higher education with the emerging needs of the economy so as to ensure that the graduates of higher education system have adequate knowledge and skills for employment and entrepreneurship. The higher education system has to incorporate the requirements of various industries in its curriculum, in an innovative and flexible manner while developing a holistic and well groomed graduate.

Ministry of HRD, Government of India had issued an Executive order in September 2011 for National Vocational Education Qualification Framework (NVEQF). Subsequently, Ministry of Finance, in pursuance of the decision of Cabinet Committee on Skill Development in its meeting held on 19th December, 2013, has issued a notification for National Skills Qualifications Framework (NSQF) which supersedes NVEQF.

Bachelor of Vocational Education (B.Voc) Programmes

Bachelor of Vocation (B.Voc) is 3 year undergraduate course having multiple entry and exits, It is unlike the other typical UG courses, the curriculum this program is mapped with job roles in accordance with the National Skills Qualification Framework (NSQF). The Course's Curriculum is industry- based and work-integrated.

The course has essentially been designed for students wishing to acquire specific skill sets and to enhance their employability. These courses facilitate such students in learning, earning and growing professionally. The course offers to eligible candidates.

Master of Vocational Studies (M.Voc.)

It is two-year postgraduate degree in specialized industry and work skill sets. Master of Vocational Studies (M.Voc.) degree provides potential candidates with the opportunities to learn professional skills and excel in their preferred form of art technology.

A Master of Vocational Studies (M.Voc.) is a postgraduate degree programme in vocational studies. After completing an M.Voc. programme, there are several avenues for professional advancement. A Master of Vocational Studies will help you advance your professional skills.
